

Place the design activities in the RIBA Stage that you think it is most appropriate for them to be carried out within.

RIBA Stage	Design Activities
A Project Appraisal	
B Design Brief	
C Concept Design	
D Design Development	
E Technical / Detail Design	
F Design finalisation (or <i>Production information</i>)	
G, H Appointing contractor (<i>Tender Documentation and Action</i>)	
J Mobilisation	
K Construction	
L Post Practical Completion	

For information – where there are two stage descriptions, the one in brackets and italics is the formal one used by RIBA and the industry whereas the first one is a more useful description of what happens in that stage.
