Total BREEAM Score					75.38%

The weighted score for each category is the *percentage of credits achieved within a category* multiplied by the *environmental weighting*.

For example (Transport):
percentage of credits achieved within a category = 80%
environmental weighting = 8%
 Weighted score = 80% x 8% = 0.80 x 0.08 = 0.064 = 6.4%

The total score is the sum of the weighted scores for each category
