

## **Workshop: How can you respond to Climate Change in your Neighbourhood Plan?**

Please discuss and complete the following questions (see reverse for pointers).

**1. What do you think are the opportunities in your neighbourhood area to tackle Climate Change?**

**2. What do you think are the challenges in your neighbourhood area in tackling Climate Change?**

**3. What support do you need in order to use your Neighbourhood Plan as an opportunity to tackle Climate Change?**

Think about...

- Renewable energy options.
- Potential efficiency improvements.
- Green Infrastructure links.
- Promoting local supply chains.
- Local food production.
- Design Opportunities.
